Sanctioned Event Rules	Page 24	Included in your Ringette Ontario Sanctioned Event Package are the Sanction Rules. Failure to follow these rules can result in fines. Be sure that pre and post event requirements are submitted within the specified deadlines. Tie breaking rules must be understood. Be familiar with match, misconduct and excessive penalty rules. Advise Regional G&T Coordinator of these immediately as required. No changes can be made to Sanctioned Event Rules by the tournament host. The Regional G&T Coordinator must authorize any changes. Two changes that are often considered are 20 minute periods for U16AA and U19AA divisions and no overtime games until semi or finals. <b>No shoot outs are to be used ever!</b>
<b>MEDALS</b>		
Medal Ordering		Select a supplier for the medals. Determine the number of medals to be awarded per division. Order the medals allowing ample time for delivery.
Medal Presentation		Decide whether medals will be presented on or off ice. If on ice, then allow 15 minutes per division of ice time for the presentations.
<b>GAME OFFICIALS - REFEREES</b>		
Ref Payments	Page 16-17	Arrange a method of payment, ie. cheque, sign in sheet, pay envelope, etc. Officials need to know prior to the event if they will be paid after each game, at the end of each day or at the end of the tournament, whether it is cash or cheque and whether they will be paid by carded level or game type.

All minor officials must be totally impartial while carrying out assignments. Shot clock operators are not to argue with the on-ice official over application of the shot clock rules.
<b>SCHEDULES</b>		

## Tournament for Dummies

Game Schedule	Page 25	<p>Approved formats are in the Sanctioned Event Package. The maximum average number of games per day over the duration of a tournament is two. Coordinate with your Regional G&amp;T Coordinator to schedule a catch up “Crush Ice” or “Slush” time. Allow some time at the end of each day per ice pad per day. Calculate the number of hours required for the number of teams - ie. 7 hours of ice for a four team division playing 15 minute periods gives a full round robin and a final. If presenting medals on the ice, then allow an extra 15 minutes per division. Try to have no more than two games per day per team – absolutely no more than 2 games per day for divisions at U12 and below. At least a three hour break is recommended between games. Be sure that teams playing first thing in the morning don't have to stick around until late to play their last game of the day. A maximum break of 8 hours between games being played on the same day is recommended. Be sure that teams that have a late game at night don't have an early game the next morning. A 12 hour break overnight is recommended. Teams should only play through one meal per day. Ensure an even number of home and away games if possible. U16AA, U19AA and 18+AA division games must be scheduled for 20-minute periods. The 20 minute period games should be scheduled for 75 minutes.</p>
Notification of Final Games		<p>Tournaments should post the process for notification of final games. Options to consider include, as posted at Location X by Y p.m. on Saturday, will be posted at <a href="http://www.mytournaments_website.com">www.mytournaments_website.com</a> by Y p.m. on Saturday, teams will be notified by telephone/email to the head coach based on information provided.</p>
Volunteer Schedule		<p>Once the game schedule has been set, send it out to the volunteers ASAP in order for the volunteer schedule to be set at least ten days prior to the event.</p>
